

NEW! Portable Sink - Premium Models

Hand washing is the most effective way to kill germs. When running water isn't available in the classroom (or anywhere in a school), these lightweight, portable sinks can be situated where needed. Unlike many other portable sinks, ours has a manual pump that does not need to be located near an electrical outlet.

Two models available: one for small students and one for older grades and adults. Both with a 5 gallon capacity.

Features:

- Large magnetic board to post instructions
- Manual paper towel dispenser
- Hands-free soap dispenser
- Stainless steel sink with faucet
- Stainless steel counter surface
- Large 4" locking casters
- Easy-to-use manual pump (requires no electricity)

SNK100 Child-sized Portable Sink Premium Model

SNK200 Adult-sized Portable Sink Premium Model

NEW! Portable Sink - Base Models

The base model has the same features as the premium model except it has an area to hang signage and no soap or paper towel dispensers.
